WNSF - Safe Home Computing
Module Outline
Welcome to the WNSF - Safe Home Computing training. This training is mandated by ALARACT 051/2009 Army - Wide Network Security Focus Training Paragraph 3.A.
During this module you will cover the following topics. If you are familiar with some of the topics you may skip ahead.
Introduction
Thinking About Securing Your Home Computer
Things You Ought To Know
Trust
Information in the Clear
What Should I Do To Secure My Home Computer?
Task 1 - Install and Use Anti-Virus Programs
Task 2 - Keep Your System Patched
Task 3 - Use Care When Reading Email with Attachments
Task 4 - Install and Use a Firewall Program
Task 5 - Make Backups of Important Files and Folders
Task 6 - Use Strong Passwords
Task 7 - Use Care When Downloading and Installing Programs
Task 8 - Install and Use a Hardware Firewall
Task 9 - Install and Use a File Encryption Program and Access Controls
Summary

ALARACT 112/2009 UPDATE:
ARMY - WIDE NETWORK SECURITY FOCUS TRAINING

ARNG ALARACT 051/112-2009 Compliance

Army-Wide Security Focus Training:

“A critical task which supports effort to defend the network. It is imperative that all users of the LANDWARNET complete this training by the established deadline. The Army senior leadership has directed recurring reports regarding the training status of Army units”

ARNG ALARACT 051/112-2009 Compliance

- Each participant must:
  - Have access to their AKO account
  - Participate in the 4 individual training modules
  - Go to their IA Account and verify participation

- Questions about Training: helpdesk@nacon.com

- AKO Help Desk for AKO Password Issues: (703) 704-4357

- Due to heavy user load you may experience errors
